User/Installer Responsibilities  It is important that the user/installer who is responsible for the existence of this document alone does not automatically constitute authority to install the engine/propeller/component. Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the country specified in Block 1, it is essential that the user/installer ensures his/her airworthiness authority accepts parts/components/assemblies from the airworthiness authority of the country specified in Block 1.  Statements in Blocks 13a and 14e do not constitute installation certification. In all cases, aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.

COMPONENTS, REASSEMBLED, PERFORMED OVERHAUL AND TEST IN ACCORDANCE WITH THE MANUFACTURER'S SPECIFICATIONS.

AIRWORTHINESS DIRECTIVES TO DATE

#### WARRANTY POLICY

Advantage Aerospace Accessories, LLC. Warrants the articles maintained to be free from defects in workmanship in the area of repair/maintenance. Articles are warranted for a period of 12 months for overhaul and 6 months for repairs commencing from the date of overhaul and/or repair.

Advantage Aerospace's liability shall be limited to restoring or repairing any part which may be damaged as a result of such defect. The obligation of Advantage Aerospace under this warranty is limited to correction at its facility of any equipment which has failed to meet operational standard and is subject to the following conditions:

The assembly is returned to Advantage Aerospace within thirty days after discovery of defects.

\* The assembly has been operated, maintained, handled and stored in accordance with current manufacturer manuals, operator handbooks, written recommendations and service bulletins.

\* Proper records have been kept, especially installation dates, when flight in service is the only criterium.

\* The assembly has not experienced any foreign object damage (internal or external) or induced failure.

\* The article has not been tampered with in any way, including, but not limited to: removal of warranty seals/safety wire, disassembly to any extent, modifications and/or adjustments, subjection to any sort of maintenance by another entity.

Advantage Aerospace is not liable for cosmetic defects to external surfaces such as nicks, dents, scratches and coating blemishes that do not affect form, fit or function. Such cosmetic defects are considered normal wear and tear and will not be covered by warranty.

Advantage Aerospace does not warrant original manufacturer's and/or PMA holder's parts except to the extent each manufacturer and/or PMA holder expressly guarantees or warrants its products. In such cases Advantage Aerospace will provide all warranty claims on behalf of its customer for original manufacturer's warranty consideration.

Advantage Aerospace is not liable for electrical accessories, sub-components, equipment, parts or materials furnished by the customer. Advantage Aerospace will not be liable, in any event, for consequential damages resulting from the failure of a part or sub-assembly
