EASA FORM 1 - Issue 2
USER/INSTALLER RESPONSIBILITIES
Note: This certificate does not automatically constitute authority to install the items.
Where the user/installer performs work in accordance with regulations of an airworthiness authority different from the airworthiness authority specified in block 1, it is essential that the user/installer ensures that the user/installer is authorised by the relevant authority to perform the work.
Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
