USER/INSTALLER RESPONSIBILITIES
 This certificate does not automatically constitute authority to install or remove any item(s). Where the user/installer performs work in accordance with the regulations of an airworthiness authority specified in block 1, items from the airworthiness authority specified in block 1, statements in blocks 13a and 13b do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
