TASK PERFORMED IN ACCORDANCE WITH CMM 28-22-17  
REV. 2 / CMLS 28-22-17 ISSUE 003

**Return to Service in Accordance with 14 CFR part 43**  
The work identified in block 11 and described herein has been accomplished in accordance with 14 CFR part 43 and in respect to that work the items are approved for return to service under  
FAA Certificate No. DLAAY225D

13a. Certifies that the items identified above were manufactured in conformity to:

- approved design data and are in a condition for safe operation
- non-approved design data specified in block 12

Further details of work performed are attached either in a Workshop Report (reference number: see blocks 3 and 9) or in other applicable documents.

14a.  Part-145, A.50 Release to Service  
Certifies that unless otherwise specified in block 12, the work identified in block 11 and described in block 12, was accomplished in accordance with Part-145 and in respect to that work the items are considered ready for release to service.

**FOR USER INSTALLATION RESPONSIBILITIES**

This certificate does not automatically constitute authority to install the item(s).  
The user/installer performs work in accordance with regulations of an airworthiness authority different from the airworthiness authority specified in block 1. It is essential that the user/installer ensures that his/her airworthiness authority accepts items from the airworthiness authority specified in block 1.  
Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
