User/Installer Responsibilities

It is important to understand that the existence of this document alone does not automatically constitute authority to install the engine/propeller/article. Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the country specified in Block 1. It is essential that the user/installer ensures that his/her airworthiness authority accepts aircraft engine(s)/propeller(s)/article(s) from the airworthiness authority of the country specified in Block 1. Statements in Blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.

Warranty:

Overhaul Accessory, Inc. warrants its Overhaul and Repair services to be free from defects in workmanship. Such warranty is limited to replacement or repairs and must be returned directly to the facility at which the original work was performed. Any physical adjustments will be considered 'tampering' and warranty claim will become null and void.

The Overhaul warranty period shall end Twelve (12) months after completion. The Repair warranty period shall end Six (6) months after completion and is warranted only to the extent of the repair performed. This warranty does not apply to electrical accessories, sub-components, equipment, parts or materials furnished by the customer. Eligibility for warranty coverage is subject to our sole determination: (A) Unit has not been subject to accident, abuse, tampering, improper storage or handling and that the unit has been operated under normal working conditions in accordance with the manufacturer's recommendations; and (B) that the Overhaul Accessory, Inc. "tamper-proof" safety cable(s) remain intact and not broken.

MAINTENANCE RELEASE

THE COMPONENT IDENTIFIED ABOVE WAS OVERHAUL IN ACCORDANCE WITH THE CURRENT REGULATIONS OF THE FEDERAL AVIATION ADMINISTRATION, AND IS APPROVED FOR RETURN TO SERVICE. OTHER PERTINENT DETAILS OF THE OVERHAUL ARE ON FILE AT THIS REPAIR STATION.

APPROVED FOR RETURN TO SERVICE BY: 

DATE: January/18/2024
